## **DIRECTIVE 94/62/EC (European Council Directive on packaging and packaging waste)**

The substances restricted in accordance with Directive Packaging and Packaging Waste Directive 94/62/EC, US CONEG Model Toxics legislation in relation to the heavy metals that states the sum of Cadmium, Mercury, Lead and Chromium (VI) in products should be below 100 ppm.

Roll Cover Italiana s.r.l. doesn't use Lead, Cadmium, Mercury, Hexavalent Chromium or their compounds, in the manufacturing process of self-adhesive materials.

So, these substances are not expected to be present in Roll Cover products at or above the specified concentration.

This statement is based on our current level of knowledge of our raw materials and our manufacturing process. In any case specific analysis are not carried out to evaluate the possible presence of these substances in each batch produced.

However, we cannot exclude impurities, which are not in the responsibility of Roll Cover.

*The above information is given in good faith and is based on our present knowledge and experience with these materials, however no warranty expressed or implied is made.*
