## **Commission Delegated Directive (EU) 2015/863 amending Annex II to Directive 2011/65/EU on the Restriction of Certain Hazardous Substances**

To whom it may concern:

Roll Cover Italiana s.r.l. is reliant on data provided by suppliers regarding the composition of the raw materials that are used in its products. Based upon current available supplier information and knowledge of the manufacturing process, the products supplied by Roll Cover Italiana do not contain any intentional addition of:

- Lead (Pb)
- Cadmium (Cd)
- Mercury (Hg)
- Hexavalent Chromium (Cr)
- Polybrominated Biphenyls (PBB)
- Polybrominated Diphenyl Ethers (PBDE)
- Bis(2-ethylhexyl) phthalate (DEHP)
- Butyl benzyl phthalate (BBP)
- Dibutyl phthalate (DBP)
- Diisobutyl phthalate (DIBP)

Since we do not expect the above-mentioned substances to be present, routine analysis are not performed on our raw materials or end products to analyse for them.

Any traces impurities are not expected to be present in levels above the limitations specified by Directive 2011/65/EU and amendments on the restriction of hazardous substances in electrical and electronic equipment (RoHS), Cr+6, Hg, Pb, PBB, PBDE, DEHP, BBP, DBP, DIBP should not exceed 1000 ppm (0.1%) and Cd should not exceed 100 ppm (0.01%).

This statement is based on our current level of knowledge of our raw materials and our manufacturing process.

This statement concerns only self adhesive materials manufactured by Roll Cover. It can not be applied to any subsequently converted version of Roll Cover products (for example: printed labels based on Roll Cover laminates).

*The above information is given in good faith and is based on our present knowledge and experience with these materials, however no warranty expressed or implied is made.*
